Meeting Minutes: Meeting Started: 7.30pm

**WELCOME TO ALL MEMBERS and VISITORS.
GUEST SPEAKER**

Chris Dransfield RMS Roads and Maritime Project Manager
WEST GOSFORD INTERSECTION

Chris formed his address with a presentation slideshow of the works so far on the intersection. Late June was the projection for the left hand turn lane towards Kariong from Brisbane Water Drive to be in place weather permitting. 70,000 vehicle movements a day had been recorded through the old intersection with the RMS taking up option 5 of the plans that were brought before the community when consultation was taking place in 2012. The size of the finished intersection will be that of a Soccer Field – the largest planned intersection in NSW. Chris finished the conversation, answering question from the members regarding the timing allowed for pedestrians to cross at the Kulara Street intersection Brisbane Water Drive, and solving the issue of nuisance flooding. Chris and Eden were thanked by the members and decided to stay for a light supper.
