Dear Helen,

RE: DISABLED CAR SPACES COMMUTER CARPARK

We thank you for your letter and concerns regarding the disabled car spaces within the commuter car park.

Your concerns have been passed on to the Transport Construction Authority who undertook the car park works on behalf of the State Government. The section of the car park that you are referring to is not part of Deepwater Plaza's car park but forms part of the Commuter car park belonging to Gosford City Council and State Rail.

A representative from TCA will be in contact with you and will investigate your concerns.

Yours sincerely,
SAVILLS (NSW) PTY LTD
