Brief 'report' for Point Clare Community Garden... May 2024

Generally the community garden is doing well. The 3 new beds have been constructed and filled with soil, thanks to the generosity of Central Coast Edible Garden Trail group and the hard work of our volunteers.

Some new vegetable seedlings have been planted.

We are still a small group of 5 people and would be happy for a few more volunteers to come along to garden with us.

We do not have a public contact number or email so we are hoping some new volunteers will come along when we meet.

A few of us meet and garden on Tuesday mornings, usually there by 10am, and a few of us meet and garden on Friday afternoons and we are usually there by 3.30.

We would really appreciate contributions of scraps for our compost bins. Some bins are marked 'Please Feed Me'. There is also a sign indicating which things are not suitable for the worms. Thank you in anticipation.
